Scholarships Available

Basin Electric Power Cooperative, Tri-State Generation and Transmission, and Garland Light & Power are offering college scholarships to students in our service area. The scholarships are for 2020-2021 school year.

Basin Electric Power Cooperative, to which we are a member, located in Bismarck, ND, offers one \$1,000 scholarship to a qualifying senior whose family is served by Garland Light & Power. Tri-State Generation and Transmission, our power supplier in Denver, offers two \$500 scholarships. Garland Light and Power offers several scholarships ranging from \$500-\$1,000 to qualifying seniors and returning college students. Trade school applications are also accepted.

The scholarship program recognizes and encourages the academic achievement of students in Garland's area. It also serves as an investment in the economic future of rural areas. The scholarships must be used for educational costs, and the student must enter college in the fall of the school year for which the scholarship is given.

Applicants must be U.S. citizens and dependents of member system consumers or employees. Applicants also must be students enrolled or planning to enroll in a full time undergraduate or graduate course of study at an accredited, two or four year college. Scholarship recipients will be chosen based on a combination of SAT/ACT scores and overall grade point average, work experience, participation in school and community activities and a brief essay question.

Applications will be accepted until February 21, 2020 and winners will be announced by March 15, 2020. Your application must be returned to the Garland Light & Power Office. You can pick up applications at our office or Powell and Cody High School.

WREA Offering Lineman Scholarship

As a member of the Wyoming Rural Electric Association (WREA), Garland Light & Power will be accepting applications for a Lineman Memorial Scholarship in the amount of \$3,000 to be awarded by WREA.

The scholarship was developed to promote and educate lineworkers for enduring and rewarding careers with Wyoming's electric cooperatives. It is available to all qualified applicants, recent high school graduates and older "non-traditional" students interested in a career in the electric industry.

(continued on page 2)

The WREA will be awarding one or more scholarships each year. Scholarship applications must include an application form, resume of education, work experience, three letters of recommendation and a transcript of grades. A transcript will not be necessary if the candidate has not attended an educational institution in the three years prior to submitting the scholarship form.

Applications can be submitted throughout the year. The board may choose one or more qualified candidates for the scholarship.

The WREA Board of Directors may award an alternate scholarship if the original applicant selected is unable to use the scholarship.

You can pick up applications at our office. Completed applications must be returned to the Garland Light & Power office.

DAR HACKWORTH MEMORIAL SCHOLARSHIP

The Dar Hackworth Lineworker Scholarship was created in 2006 in memory of Dar Hackworth. Hackworth was born and raised in Ohio. In August 1997, he moved with his family to Powell, Wyoming where he became an electrical lineworker for Garland Light & Power. He became superintendent in 2000. He had been interested in music since he was young and became a talented musician, playing banjo and guitar with the bluegrass Gospel band, "Witness." Hackworth loved spending time with family and friends and time in the mountains, hunting, fishing, and riding horses. He loved his job and was highly respected by his peers in the industry. Hackworth lost his life in the summer of 2005 in a non-utility related accident while enjoying some of those things he loved most.

One scholarship will be awarded each year to a Wyoming resident interested in a career in the electric industry. The amount of the scholarship will be \$1,000.

You can pick up applications at our office. Completed applications must be returned to the Garland Light & Power office by the April 15, 2020 deadline.

NEIL ADKINS LINEWORKER SCHOLARSHIP

The Neil T. Adkins Scholarship was set up in memory of Neil T. Adkins. Neil was 20 years old and had attended Bismarck State College in the Lineworker Program. He had begun his career with 3-C Construction in Bismarck when he was killed in an automobile accident. In memory of Neil, this scholarship was created to help a deserving student become successful in the Lineworker Program.

One scholarship will be awarded each year to a Wyoming resident interested in a career in the electric industry. The applicant must plan to attend an approved regional lineworker training program. The amount of the scholarship is \$500.

You can pick up applications at our office. Completed applications must be returned to Garland Light & Power office by the April 15, 2020 deadline.

This institution is an equal opportunity provider and employer.

MORE WORK TO GET READY FOR THE NEW SUBSTATION

Garland Light & Power will be closed for the Christmas Holiday on December 24th & 25th. We will also be closed for New Years on January 1st.
Merry Christmas and Happy New Year!

LOW INCOME ENERGY ASSISTANCE

This program provides assistance for winter heating bills. It is available for the months of November through May. The State of Wyoming accepts applications from October 1st through February 28th each year. Benefits are based on household size, income and type of fuel used as the primary heating source.

Crisis Assistance-This is a one time per program year benefit available to persons who are facing an energy emergency. The benefit amount is based on the amount needed to resolve this crisis, up to a maximum of \$400. Crisis funds can be used for deposits on new accounts, LP tank sets, and back bills. Crisis assistance is available from October through the middle of April. Back bills prior to October 1st are the clients responsibility.

For a LIEAP application, call 1-800-246-4221.
